CITY TRUSTEES HAD INTERESTING MEETING

Grant Permission for Rest Room and Also for Erection of Street Decorations for Red Mens Convention.

The city trustees June meeting was a session devoted to many important matters of town welfare. In detail, business transacted was as follows:

The state compensation insurance carried by the city of Sonoma for its fire department will permit R. R. Emparan, injured at a recent fire, to receive 65 per cent of $6.00 per week while he is laid up. Where no actual salaries are paid as in the Sonoma fire company, the computation is based on the minimum.

The marshal's report, showing collections of $4 was refered to the Finance committee.

The Standard Oil Company was granted a permit to erect a rest room at its service station on Napa Street.

The California Telephone & Light Co. replied to the controversy over the amount of the 2 per cent of its gross receipts in the city, explaining that the amount tendered was 2 per cent on power consumed, not on power and light as the city trustees figured.

Ordinance No. 155 was read for the last time. It has to do with the deposit required for tearing up streets or sidewalks, guaranteeing that the work shall be replaced satisfactorally.

Ordinance No. 156, making the cut-in type of approach standard, was given its final reading.

Property owners on Broadway, Napa St. and Second St. East will be notified to put in curbs and sidewalks.

A committee from the Red Men, Messrs Muller, Schrempp and Heuer appeared before the Board to get a permit to erect an electric bell and other ornamental street decorations for the big convention in July, and to conduct a parade, the electric effects to be later donated to the city. The permit was granted.

Work on the new sewer on Spain St and Second St. West will start at once. Sanitary Engineer R. Quartaroli was instructed to employ four men and proceed with the improvement at once. The sewer pipe is already on the ground.

The meeting concluded with an informal discussion of the plaza problem. Mayor Bulotti expressed himself as in favor of quieting title to the plaza. The following bills were allowed and ordered paid.

H. W. Gottenberg, salary etc.	$24.30
J. H. Albertson, salary	15.00
Garry's Garage, supplies	2.10
R. C. Specht, engineering	51.00
E. Cornelius, washing fire engine	7.50
R. Quartaroli, labor	106.00
R. A. Poppe, fees	43.75
Expositor, printing	8.85

NEW SERVICE STATION FINE IMPROVEMENT

Standard Oil Co. Has Attractive Site Here and is Expending Much Money. Rest Room A Feature.

The new service station and rest room being put up by the Standard Oil Co. in Sonoma is nearing completion and is a splendid improvement for the business district. The station has a frontage of 100 feet on Napa street opposite the Index-Tribune office. The grounds have been filled in and are being graveled and covered with screenings. Wide cement approaches, copings, adequate parking space and bright flowers will make it one of the prettiest and most spacious stations in Northern California. At night the station will be lit by several ornamental arc lights and, as is customary at Standard Oil stations there is a staff for Old Glory.

The rest room for ladies is a fine feature. A special building equipped with the finest plumbing, fixtures, costume mirror, etc., is being fitted up for the traveling public.

The new service station opens for business Wednesday, June 14, and will be open daily from 6 a. m. to 10 p. m.

SAVE YOUR RELICS FOR SONOMA MISSION

Next week work on the improvements at Sonoma's old Mission will start so the local committee has been advised from Sacramento.

The relics committee is now ready to receive any relics which anyone wishes to give to the Mission museum. Save whatever relics are in Sonoma Valley for the permanent local exhibit is the plea of the Mission committee. A caretaker will be named very shortly and all relics will be in cabinets to be built under the direction of the state architect's office.

Progress and Prosperity

By Our Campaign Manager

Meet "Rudy" Lichtenberg

Fore!

Lichtenberg is driving—driving for a greater and more prosperous Valley of the Moon. As manager of Boyes Hot Springs, Mr. Lichtenberg has established an enviable record for constructive enterprise. Promoter and an officer of the Valley of the Moon Golf and Country Club, director and organizer of the Golden Gate Ferry, he is constantly working for the benefit of the valley.

A visit to Boyes Hot Springs is a revelation to the seeker of health, rest or pleasure. Its natural hot sulphur water, known the country over, is but one of its many attractions, including swimming, motoring, horseback riding, tennis, bowling and first-run motion pictures. An excellent dining room provides varied and attractive antidotes for the ravenous appetites acquired by long days in the out-of-doors.

The swimming pools deserve a story alone. The large, open-air tank, 100x150 feet, is the scene of many swimming races and diving exhibitions during the course of the summer. The smaller pool has been provided for those who wish to enjoy the beneficial hot mineral water.

As to the Valley's future, Mr. Lichtenberg said Cooperation should be our watch word. If everyone will do but his share it shall not be long until we realize in full measure on the tremendous possibilities of the Sonoma Valley.

SPENDS $5,000 ON PASTEURIZING PLANT

New Addition Built by A. Pinelli Houses Modern Equipment of Progressive Mission Creamery.

The attractive mission style stucco addition to Vella & Iconas' Sonoma Mission Creamery erected by A. Pinelli owner of the property for his progressive tenants is now completed by contractor Bean and the pasteurizing machinery and ice box installed and in use. The creamery proprietors have expended over $5000 exclusive of the cost of the building and will now be able to pasteurize all milk and cream produced for sale purposes in Sonoma Valley. Shipments of the pasteurized products will be made to the San Francisco branch and retail stores of the firm and the creamery will also sell pasteurized milk to local milk dealers.

Vella & Icona have gone to considerable expense not only to handle quantity production from Sonoma and Napa dairies for shipment but also to assure local consumers milk and cream that is thoroughly safe and with keeping qualities in the hottest weather. Mr. Vella made special trips to the state dairy department at Davis to study the pasteurizing process before putting in the new plant which is of standard type and recommended by university experts.

CITY MARSHAL OUT AFTER FIVE WEEK'S ILLNESS

City Marshal Jas. H. Albertson, pioneer city official was down town this week after an illness of five weeks. he Chief's many friends were mighty glad to see him and trust he will rapidly regain his strength.

It is reported that there may be a reconciliation between a well known Sonoma Valley couple who some time ago parted in the divorce court of this county.

GOLF LINKS READY BY SUNDAY, JUNE 18

Beautiful Course and Clubhouse To Be Thrown Open To Inspection. First Match Being Arranged.

The Valley of the Moon Golf links in the western foothills of Sonoma Valley will be ready for inspection by Sunday the 18th when the first match is to be played before a large crowd of visitors and enthusiasts who have already predicted that the Valley of the Moon links will surpass any in the state. The naturally beautiful contour of the links, the abundance of water for the green and the charm of the environment make this golf and country club ideal.

Messrs. Lichtenberg and Fitzgerald plan to entertain visiting members and their friends at a barbecue on the grounds on the 18th. Golf clubs from neighboring cities and suburbs will be in attendance together with local people interested in the success of the project.

Last week several new members signed the roll including Rudolph Sprec kels owner of Sobre Vista and Mr. and Mrs. John Newbegin of San Francisco book house fame.

FIREMEN'S BALL PROMISES TO BE BRILLIANT SUCCESS

The Firemen's ball here next Saturday night promises to be one of the finest and biggest attended affairs for months. Over 200 tickets have been sold by Mrs. Lulu Emparan alone. Mrs. Emparan has interested herself in the department and the fire laddies are all very grateful to her.

The committee wishes ta correct the report that any of the proceeds are to go to R. R. Emparan, who was injured at a recent fire. The money will go into the treasury of the department as a general maintenance fund.

Mrs. Ed Thierkoff of Glen Ellen was in Sonoma Wednesday shopping.

EL VERANO NEWS

By ARCHIBALD McKIVER

M. Cox transacted business in San Francisco Monday.

Mrs. E. J. Franquelin was a bay city visitor Tuesday.

George Gale was in Santa Rosa Monday on business.

Bill Sutter of San Francisco was here Sunday, a guest of relatives.

Fred Jensen of San Francisco has bought a summer home at Sonoma Vista.

George Carpenter and family returned from Sacramento the latter part of last week.

Mr. and Mrs. E. Pierson and family of San Francisco were guests over Sunday at the Dutil home.

Miss Ivy Little, a charming young lady from San Francisco is the guest this week at the Watt residence.

A. J. Howell and wife, who recently sold their ranch, left Monday for San Francisco, where they will reside.

The official scale inspector of the S. P. Company is on the Santa Rosa branch, looking after the company's scales.

Henry Norrbom, who was recently burned out, has started to build a fine garage on the ground next to his his residence.

Mrs. M Couts and Family and Mrs. Al Block of Los Angeles were here Sunday from Kenwood, guests at the Rossi residence.

Mr. and Mrs. T. H. Baines and daughter spent the week end at Dillon Beach. They have a summer cottage at that place.

Joe Fitzgerald, Sonoma Valley's crack jazz baby, has accepted a position as piano player at Parente's Tavern for the summer season.

Fletcher Willet, an old time Sonoma boy, accompanied by his wife, were here from Alameda the first of the week, looking up old friends.

Edmond Debats, El Verano's Beau Brummel, society chap and champion dancer of Sonoma Valley, is in San Francisco this week looking 'em over.

C. J. Poppe, Glen Ellen merchant and former post master, was here on Tuesday. Mr. Poppe has many old friends here, who were glad to see him.

Pop Floyd, San Francisco politician, who stands 6 feet 3 inches in height, is registered at Paul's resort. In former years Pop was a San Francisco cafe owner but since prohibition went into effect he is living on his earnings of the good old days. Mr. Floyd is pleased with the Valley of the Moon and will remain for several weeks.

Miss Marie Minkel, of the information bureau of the S. P. Company, at the ferry building, San Francisco, was the guest of relatives over the week end.

Mr. and Mrs. P. H. Hanley of San Francisco were here Sunday and will return shortly to spend the summer months at their cottage, near the Bellevue Hotel.

Tom Lyons, representing Buckingham & Heckt shoe company of San Francisco was in town the first of the week, selling M. F. Mullen a large order of shoes.

The tariff inspector for the S. P. Company was looking over the tariff business at the different depots throughout Sonoma Valley last Friday and Saturday.

George Fredrickson, a San Francisco fireman, accompanied by his wife and daughter, were here Sunday making arrangements to spend the summer season.

Sam Sebastiani, Sonoma capitalist, was here last Sunday. Sam is the king of the colony recently built west of Sonoma. His many friends here were glad to see him.

J. Hildebrand, the popular and good looking conducter on the S. P. Santa Rosa branch was in the Sonoma Valley Sunday trying out his newly purchased gas machine.

Frank LaHaye, well known San Franciscan, motored up from that place Saturday in his new automobile. This machine is of the racing type and was designed and built by the owner.

Effective June 15 the following schedule will be inaugurated on the S. P. lines: No. 69 will arrive at El Verano at 10:48 a. m. from Vallejo. No. 70 will arrive at 3:14 p. m. from Santa Rosa.

The boys from the prohibition office in San Francisco were again giving our valley the once-over last Friday and raided several of our resorts, finding beverages stronger than one-half of one per cent.

Born, in San Francisco last week, to Mr. and Mrs. E. Dutil, a son; and Mr. and Mrs. L. Larson, a son. Both of these families formerly resided in El Verano and their many friends here extend congratulations.

W. C. McCauley and family of Dunsmuir have purchased the A. J. Howell ranch west of town. Mr. McCauley is a S. P. engineer running on the Sacramento division. They arrived here the first of the week.

The Victoria Hotel at this place has changed hands and J. J. Bairros, the former proprietor, has left for San Francisco. Under the new management the establishment will be conducted as a first class restaurant and hotel.

Jack Main of El Verano, who was arrested for violating the Volstead act, was arraigned before United States Commissioner Hilliard Comstock Monday. He was released on $1000 bond and his case will come up for hearing Thursday.

The Sonoma Valley Restaurant opening Saturday evening was a grand success. Dancing, entertainment and a big feed were featured and all pronounced the new managers of the Boyes Springs restaurant all right. This is one of the leading cafes of Sonoma Valley.

Dr. and Mrs. A. E. Osborne, who were formerly at the State Home at Eldridge, Dr. Osborne being medical superintendent, are spending several days visiting at the Roert Hill home. Mr. Osborne, who now resides in Santa Clara, is a senator from the Santa Clara Valley.

The political battle for sheriff of Sonoma County is growing interesting. The voters are lining up for their prospective candidate and the real battle of the election lies between Sheriff Boyes and Dude Wiley, which promises to be an interesting one as the primary election draws near. The election of county officers promises to cause wild excitement as many of the boys now holding office are out for re-election.

One of the chief clerks in one of the soft drink emporiums that were recntly raided here by dry agents was in town Saturday drowning his sorrows and bemoaning the loss of 24 bottles of choice wine that the prohi officers had destroyed. On explaining the raid to the writer, the Cockney soft drink mixer said he was suffering for the want of a bloody, bloomin' drink at the time the liquor was being poured out but the heartless raiders took no pity on him and handled the precious stuff like water, not even taking a drink between times in the laborious work.

Sonoma Valley fight fans are excited over the declaration of Dr. Charles Miller, masseur at the Agua Caliente Springs, of his intention to again enter the ring. Charley holds a decision over former champion Jess Willard and now that a Willard-Dempsey match is in sight, the huge Romanian wants recognition and claims that he and Willard should fight to settle the question of who should meet Dempsey. Miller has been working out at the Springs and is in good shape, as fast as a lightweight and weighs 240 pounds. It is claimed that his old adviser and manager, Louis Parente, will take charge of Charley and again groom him for the championship. Both Dempsey and Willard are working out at Hollywood and it is expected that the big heavyweights will soon settle the question as to who is who in the roped arena.

HAD FINE MOTOR TRIP

A trip to Petaluma, Santa Rosa and Sebastopol was enjoyed last week by Mrs. E. B. Randolph and her friends, Mesdames Langer, Koerner and Mitterlein. They motored to the home of Mrs. Anderson, near Petaluma and also called at Mr. Gross' ranch near Sebastopol.

$85,000 SPENT BY TELEPHONE AND LIGHT COMPANY HERE

The California Telephone & Light Company has recently spent $85,000 developing its field in Sonoma Valley and is planning to expend at least $10,000 more in the near future when the new cable is put in for better telephone service between Sonoma and Boyes Springs.

To show the growth of Sonoma Valley the resident manager of the company points out that the telephone, light and power business has increased 75 per cent the past year.

The new transformer unit here in Sonoma which has been installed is now ready for use and will greatly increase the facilities of the company for doing business in this field.

Extensions are being made at Buena Vista out to the Industrial Farm and also to Schellville. Six or seven men are constantly at work on the lines of the company in Sonoma Valley. Seven "hello girls" take care of the local telephone office and the Sonoma office is often complimented on its service and courtesy. With increased facilities, the employees of the California Telephone & Light Company are looking forward to giving better service all the time.

LITTLE BOY RESCUED FROM DROWNING

Walter Jensen, a four year old lad, got into deep water in Sonoma Creek last Sunday and was doing down for the third time when Joe Fields jumped off the El Verano bridge and saved him. Fields, the well known athletic instructor, reached the boy just in time to save his life. The parents of the rescued lad gave a reception and house party to Mr. Fields as an expression of their gratitude and appreciation.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WORDS OF WISE MEN

Speak well of your friends and, if you cannot do the same of your enemies, say nothing.

The men who wins is the man who holds on until he can hold on no longer—and then doesn't give up.

Cheerfulness is like money well expended in charity; the more we dispose of it the greater our possession.

Let the man who has to make his fortune in life remember this maxim: Dare, and the world always yields. If it beats you sometimes, dare it again and it will succumb.

THE PEOPLE WILL ELECT RICHARDSON FOR GOVERNOR

J. EMMET OLMSTED, the press campaign manager for Richardson for governor, knows conditions in California under the regime of Governor Stephens as well as any man in California. He also knows Friend W. Richardson and his splendid public record. So he is able to marshal telling facts for the voters concerning the coming campaign. Those who know Olmsted's sincerity and want to see Richardson the next governor of this state, welcome the following statement which is being broadcasted from Siskiyou to San Diego:

"Friend W. Richardson will be the next governor of California. The rank and file of the voters of this state want an economical administration of their affairs. They know they cannot get this sort of an administration at the hands of the present governor. There are too many mouths to feed. The machine requires too much oil and gas. Under Richardson there will be no machine and every mouth that is fed will earn it before it gets it. Practical, hard-headed business methods will displace political pie methods. Every single appointment will be made on a basis of ability to perform the allotted task rather than the basis of reward for political service.

"The expenditures of the state government are running $3,000,000 per month in excess of revenues. The Stephens administration, not satisfied with increasing cost on government from $40,000,000 to $91,999,999 within a few years, is expending the money of the tax payers of California without regard for consequences to the people and with a supreme disregard for consequences to themselves. They think they have the people 'hog-tied' and that the governor is a sort of king who is all-powerful and whose regime has developed into a sort of dynasty that cannot be overthrown. But they are mistaken. Friend W. Richardson, with the aid of the interior newspapers of California, is going to perform a miracle. They are going to destroy the Stephens machine; they are going to restore to the people of this state a government as remarkable for its businesslike administration as the present administration is remarkable for its wasteful extravagance.

"The newspaper men of California, in urging the election of Friend W. Richardson for governor are prepared to vouch for him; to add their promises to his promises, for whatever he promises he does; Richardson is thoroughly dependable. He is capable. He is courageous. He owes allegiance to no political machine. He is absolutely free from entanglements with groups or classes. He is his own man. He promises to give us economy with efficiency. He will do it."

WANTED—AN IDEA TO PRECIPITATE PLAZA IMPROVEMENT

THE improvement of the Sonoma Plaza is the all-absorbing question wherever you converse with anyone in Sonoma Valley. Why don't we fix it, is the hackneyed question of strangers. How can we fix it, is the sincere interrogation of everyone living here.

The City Trustees find too many other calls on the city treasury to permit the expending of the money which would be needed to beautify the historic spot, so long neglected, yet beloved by every true Californian. Financing the improvement is, therefore, the key to getting started on the project. In order to precipitate something and aid the city dads in arriving at a solution of the problem, the Index-Tribune will give a cash prize of $10.00 for the most feasible plan to raise the money to beautify our park. The plan or method of procedure must be adopted by the City Trustees or other parties interested in this important step in the upbuilding of Sonoma City.

Write your idea to the Index-Tribune and in addition to the everlasting gratitude of the community, win the $10.00 prize we offer. Communications must not be over 250 words in length and will be published as received. All communications must be signed, although the name of the writer will not appear in the paper if it is so desired.

OWN your own home. Buy one in Sonoma Valley, the best place in all California to make your home. Land is reasonable and can even be purchased on terms. If you cannot build now, acquire your land. If you cannot pay for it all at once, acquire the thrift habit and pay as you go. People from all over the world declare Sonoma Valley to be the ideal home land. Home owners make ideal citizens and ideal citizens make good communities.

PATRONIZE the Firemen's Ball. Sonoma Valley has fire protection second to none in the interior of the state. We are well equipped to fight fire, but remember, it is the responsive public spirited, brave fire laddies that do the work. When you need them they are ever ready to come to your assistance and fight for the protection of your property. On occasions such as the coming benefit you can show your appreciation.

A GREAT speech was that of President Warren G. Harding at the dedication of the three million dollar Lincoln pantheon in Washington on Memorial Day. The president, in proclaiming Lincoln the greatest of all presidents, took occasion to point out that he was no superman. "Lincoln was a very natural human being with the frailities mixed with the virtues of humanity," declared President Harding.

THE infernal question, "Why don't you fix your Plaza?" We could have got the fixings from a philanthropic oil company who wanted a service station site in exchange for $100 per month. Why we didn't get the $100 is a sad story, mates.

AMONG the matchless products of California might be mentioned our fine old maids and bachelors.

BUSINESS MENS ASSOCIATION DOING GOOD WORK.

The Sonoma Business Mens Association is doing good work as shown by the minutes of the last meeting, Monday June 5th.

Upon resignation of E. T. Casson who was proffered the secretaryship the former secretary, Chas. LaTorres offered to continue in office if he be given an assistant at a salary of $25 per month. The request was granted. Mr LaTorres receives no compensation. Miss Meta Stofen has been chosen assistant secretary.

Communications were received from Chief Cause, the family of the late S. Ciucci acknowledging the condolence message from the association, and from the Waterous fire engine company offering to sell another fire engine.

The Santa Rosa Chamber of Commerce requested attendance at a meeting there on the 8th, relative to the County High School tax rate.

The camping ground committee was granted further time to negotiate with the owner of the Lawrence Villa property where the new auto park will probably be established.

The secretary reported sending Sonoma booklets to the Shriners convention in S. F.

A $10 warrant was drawn to Chas. Payne for erecting a sign at the Cozy Corner on the Petaluma road pointing the way into Sonoma City.

The Association purchased $5.00 worth of tickets for the Firemens Ball.

A $20 advertising space in the souvenir program for the Redmens Convention was purchased.

It was decided to circulate a petition for free delivery of mail by a carrier.

E. Reith was received into the Association.

A membership committee was appointed namely J. Pluth, J. Mohr, H. Fine, C. LaTorres, F. Muller

CLUB NOTES

A meeting of much enthusiasm and good will was held at the Woman's Club house Friday, June 2. Many important matters were discussed, action to be taken in the near future.

The planting of trees to and from our city on the Highways was duly considered and steps taken to cooperate as soon as work can begin.

Resolutions from the State Federation of Womens' Clubs, to Gov. Stephens, regarding the congested condition of quarters, in San Quentin for women prisoners was endorsed.

A letter of thanks was read from Miss Stofen regarding the donation of $25.00 towards the keepers quarters at the Mission.

A most interesting report was given by the President, Mrs. Pearle Hunter of the meeting held in May at Santa Rosa of the County Federation. Much information and encouraging steps taken by said clubs was gleaned.

Some novel suggestions were made regarding the payment of the $900 debt of S. V. W. Club. This to be taken up at next meeting June 16 and a full attendance is urgently requested. Without union of action there can be no success, so come all members and show the grand spirit of Onward, the club motto.

L. V. Emparan, Club Reporter.

BOY SCOUTS HAD A SPLENDID PROGRAM

The entertainment given on Friday night of last week by the Boy Scouts of Sonoma offered one of the best programs of the year and it is a pity a bigger audience did not come out. The Scouts themselves proved that they are becoming fine musicians, some of the solo numbers, William Rambo, Jr., violin and Cecil Hunter, saxophone, winning great applause. The Scout orchestra rendered fine selections. Other contributors to the program were the Misses Fox, Henry Weber, Jr., V. Giorno, Miss Barr and a number of Petaluma artists. Among the latter were the brilliant performers, Professor Capelli and wife. The professor plays several instruments and, accompanied by Mrs. Capelli, who is a lyric soprano of charming personality and professional ability. Their operatic numbers created a furore.

BOYS TO CAMP AT SONOMA HIGHLANDS

The Presbyterian Orphanage of San Anselmo was burned May 2. The dormitory and the hospital were all that were saved. Temporary buildings were put up and made ready for use in a week or so. Permanent buildings at the Orphanage will begin within two weeks.

On June 20, the boys excepting the nursery department, will make a summer camp at Sonoma Highlands. The site of this camp has been secured thru the kindness of King & Wagner, real estate men of Boyes Springs. Here they will spend several weeks of the summer vacation.

Mr. Chrisitan is the Boys' Director of the home. He was formerly the Superintendent of one of the largest cottages and of the boys in the school at the Sonoma State Home. Mr. Chrisitan is well known in Sonoma Valley and has already been told by Geo. Cause that the moving picture house at Boyes is open to the boys every day if necessary. Owners of the bath houses have also made offers of the same kind. Mr. Chrisitan is very popular with the boys, and they are all looking forward to a grand time this summer.

AGUA CALIENTE NEWS

(Communicated)

Agua Caliente is now ready for summer visitors, many improvements having been made. Cottages and bungalows have been enlarged and repaired and several new hotels have been built along the road between Caliente and Fetters and other buildings are in course of construction.

Our Improvement Club is prospering wonderfully and is contemplating building a new club house.

Mrs. Rodda and Mr. Wullff are putting Sunnyside Avenue on the map by repairing, widening and extending the road to the top of the hill where it is to be further repaired and extended.

When you visit Caliente, take a walk through the Park, stop and take a drink at the iron springs on Mr. Gross' resort, a cure for all ailments. As you continue along the road, note the wonderful scenery, on one side a chain of rocks like a walled terrace extends along the hillside to the crest of the hill and on the opposite side are the beautiful madrones manzanitas and majestic oaks, bending over to shade the road. God has certainly endowed our Park with all the beauties of Nature.

VINEBURG NEWS

Fred Batto transacted business in San Francisco on Wednesday.

The young pupils of Huichica school made a fine showing in Cotati on last Saturday and reflected great credit on their teacher. The little ones were much delighted with their outing.

One of our most popular social clubs wishes Jim Small to let them have one of his fair assistants as their club reporter. But Easy Jim says the brightest one he has is Minnie Moonshine and she is too busy.

Picking of the cherry crop is now in full swing and the large orchards in this vicinity are employing a large number of men, women and children to pick the fruit. G. Ritz at Buena Vista and George Lowell have a number of hands at work, also the Coops orchard and last Wednesday 40 pickers and 20 packers were at work. Two tons of fine cherries were shipped east by Coops Bros on last Tuesday.

Louis Kearney of El Verano was exchanging greetings with friends in this vicinity on Monday.

Miss Margaret McDevitt of Sonoma was the guest of her cousin, Miss Emily Batto several days this week.

The large floor of the new packing house at Vineburg has been completed and on account of the large amount of cherries now being shipped by the C. B. Williams Company to Los Angeles and other points the platform will be covered with canvas temporarily until the rush of the season is over and then it will be covered and enclosed according to contract

Miss Mary Batto is at present the guest of her sister, Mrs. August Figone in San Francisco.

Felix Walters, popular San Francisco chef, was the guest of Mr. and Mrs. Louis Martin on last Tuesday.

Howard Knight, mayor of Schellville, accompanied by his daughters, transacted business in this vicinity on Friday. His Honor predicts a good season this year.

N. W. P. SHORTENS ROUTE FOR MOTORISTS

Meeting the competition of the Golden Gate Ferry Company's new automobile ferry service in breaking through the "Chinese wall" around San Francisco with fast boats between the foot of Hyde street and Sausalito, the Northwestern Pacific railroad company will shorten its schedule on Sunday evenings and holidays by using a slip at thefoot of Mason street.

Present plans call for dispatching the auto ferry Eureka from Sausalito to the slip at the foot of Mason street making possible two trips in the length of time otherwise required for one to the foot of Market street.

BOYES FIRE ENGINE SAVED COTTAGE

Little did the three or four hundred people at the Boyes Springs ,Theatre last Saturday night suspect that Chief Cause and the fire engine quietly departed about 11 o'clock to fight fire which threatened a cottage on the hotel grounds, but such was the case. The fire started evidently from defective electric wires and had started on the ceiling when the chemical arrived and put out the blaze. About $50 was the damage.

HOW TENNIS TEAM COMPETED WITH LOS ANGELES

The State Tennis Meet was held at Madeira and the following winners of the sections took part: Sonoma, Berkeley, Red Bluff, Los Angeles, Hollywood, Madera ond Corcoran. Sonoma High was represented by Don Prestwood and Herschel Hyde, winners over 15 counties in doubles.

In the semi finals Sonoma High defeated Madera 6—2, 6—2, while Ordway and Wachter of Los Angeles disposed of Red Bluff 6—0, 6—1 in their doubles match.

The feature match of the day came when Ordway and Wachter of Los Angeles defeated our team after we were within two games, or 8 points, of the state title. The first set began with a rush and ended with a 7—5 victory for Sonoma. Los Angeles was quickly taken off their feet by the well placed lobs and drives of Herschel and Don and lost the second set, 6—2. The third set was a fight to the finish and when Los Angeles lead, 5—3, our boys staged a comeback and brought the score to 5 all and within a few points of the State title, only to lose the set, 7—5 in hard fought deuce games.

The fourth set was won by Los Angeles, when Herschel and Don hit the top of the tape in cross court smashing during critical times. A fraction of an inch higher on a few shots would undoubtedly have won the set and title. The fifth set and title was won by Los Angeles after every game went to deuce, 6—2. The final score was 5—7, 2—6, 7—5, 6—3, 6—2.

Los Angeles High has an attendance of 3300 and the advantage of high class competition to practice against, so we have something to be proud of in our wonderful showing.

Chandler of Berkeley, who eliminated Hyde for singles honors in this section had no trouble winning the singles title. Chadler defeated Bryant of Hollywood and Perry of Corcoran in the state C. I. F. singles finals.

SONOMA VALLEY RESTAURANT OPENING

The Sonoma Valley Restaurant annex and dance pavilion at Boyes opened Saturday night last many friends of Sam Ganos the proprietor, attending. The young S. F. musician and composer, Otto Cesana, presided at the piano.

Sam Ganos has made fine improvements on the property formerly owned by Steve Anazitos and has built up a big trade.

FIND FLOW OF OIL NEAR NAPA

Drillers of the Cappell Oil corporation, of which John Gaines is the engineer, encountered oil and a strong gas flow at a depth of two feet on the Al Pieratt ranch at four o'clock last Saturday afternoon, according to information brought into Napa by Gaines. Oil was baled from the well and the flow of oil now shows a decided increase.

The Cappell corporation has 540 acres under lease in the immediate vicinity of the present well.

According to Gaines, Rene Huant, the noted French geologist, is of the belief that oil in large quantities will be encountered at a depth of between 600 or 700 feet.—Napa Journal.

POOL PARLOR TO LOCATE IN BULOTTI BUILDING

Tony Francheski has rented the Bulotti building corner, formerly occupied by the Kaplan store and will install several pool tables and up-to-date equipment for a first class pool parlor.

Francheski has successfully conducted this business here for several years and finds that he needs more commodious quarters. The Bulotti location is one of the best in Sonoma and the new pool parlor will be fitted up in a first class manner by its enterprising proprietor.

ARE "DRY" RAIDS TIPPED OFF TO FAVORITES?

The big raid made by prohibition enforcement officers in Sonoma Valley on Friday of last week followed the visit of the "we are seven" booze sniffers of the week previous and their arrest of three resort keepers. Friday, June 2nd, which was to be the unlucky day for all bootleggers in Sonoma Valley brought several automobile loads of prohibition agents here. The enforcement officers must have gotten a radio message of the sentiment in the Valley of the Moon after the first puny attempt to clean up local conditions so on the second trip they sent a spectacular crowd of enforcement officers to get big and little fish in the net. That the "dry" squad dragged the reputed wet territory well and tried to get evidence there is no question, but it is reported that they found little or no evidence in spots reported wettest and considering the number of agents sent here on the search and seizure mission the raid was regarded at headquarters as considerably a failure. The officers are said to have had 19 warrants.

With the prohibition director's office making direct charge that raids are tipped off in advance to favorites and apologies on that account of the poor results of dry raids during the Sacramento '49 show it begins to look as though the tips extended to Sonoma Valley. At one resort here where the booze sleuths were surest of making a big find, they got nothing although they compelled the proprietors to tear up the floor, open the safe and otherwise come through with the suspected caches of liquor.

Prohibition Director Sam Rutter announces that he will shortly have a shake-up in his official family with the idea of stopping leaks on information and moves to be made by the enforcement department.

Here is the story of the fizzle of the '49 days celebration clean-up:

Sensational disclosures by State Prohibition Director Samuel F. Rutter of a special intelligence unit subsidized by Sacramento bootleggers and headed by a prominent Sacramento attornew to spy on and tip off the movements of prohibition agents, climaxed a sweeping investigation being made by Rutter, into the ramifications of a leak which caused a concerted offensive on Sacramento bootleggers during the '49 celebration to fall flat.

Rutter's disclosure of the conspiracy, with a perfected espionage system as complete as a federal intelligence organization is declared to be one of the most sensational since the advent of prohibition in the United States.

The director stated that he had been quietly probing the spying force for some time and that its exposure was only forced when suspicion was directed at some of his agents.

Out of more than 30 places mentioned in warrants and alleged to have run wide open during the Sacramento celebration, agents, whose movements had been tipped off it is charged, were able to find liquor in a scant dozen.

In one instance it was cited, a Sacramento bootlegger boasted that he had his notice 24 hours in advance.

According to Rutter the bootleggers' intelligence unit is highly organized with agents, many of whom are experienced detectives, scatteder fro mSacramento to San Francisco.

Every move of the prohibition gents is watcher, Rutter charged, and bootlegging clients are warned days in advance of contemplated action.

r. William VanHacht who had to return recently to her Vallejo home owing to injuries to her arm received in a fall while running to the telephone, while on a visit to her mother, is getting along nicely following X-ray examination and treatment by a surgeon of the navy town.

SONOMA WELL REPRESENTED AT COTATI

Sonoma Valley was well represented at Cotati, many children, parents and teachers attending the big pageant and athletic meet put on by the schools of Sonoma county.

Many Sonoma grammar school children went over in the big auto truck donated by Joe Sorini. The Sonoma school children won plaudits for their beautiful costumes and also took honors in the athletic contests, winning second place in the 60 yard dash ad, third place in the 120 and 100 pound relays. In the girls' relay they won fourth place.

A great ripple of amusement went through the vast crowd as a boy in overalls appeared to contest a race in which all the marathon contenders wore the B. V. D. style athletic garb. He was allowed to start and won the race.

A real Indian from the Northern part of the county instructed the school children from some remote district in a real Indian war dance. The young brave put on the tribal dance with his little palefaces and beat time with a stick in real Indian fashion.

The hundreds of school children pouring out of the great enclosures in the costumes of all nations and paying tribute to the Goddess of Liberty was an inspiring sight. They surrendered their native flags, marched into the replica of a typical county school house and emerged full-fledged Americans—this was the pageant, The Melting Pot of the Nations.

Not an accident marred the day.

BOXING SCHOOL OPENS AT EL VERANO

Prof. Joe Fields, former bantam weight champion of the Pacific coast will open a boxing school at Louis Parente's gymnasium at El Verano this week. Joe Fields is a stocky, well built, athletic boxer from the ground up, and is a pocket edition of the great Jim Jeffries. Joe's last real fight was with Spider Joe Welsh in 1905, which was a draw.

Fields has been busy all week equipping the gym with new apparatus of the latest. All aspiring youths and Sonoma Valley fans are welcome to visit and meet Prof. Joe Fields at the gymnasium at any time.

J. F. Prestwood was present at a brilliant night at the Masonic Lodge at Guerneville of which he is a member last Saturday night. The following day he attended the Sciots picnic with his family.

There is no mystery about good oil

It must be made from crudes carefully selected for their "oiliness" and stability. These crudes must be refined to preserve their original characteristics and to make them pure.

In selecting crudes for Zerolene the Standard Oil Company has the advantage of its own large production of practically every type of crude. The company is not compelled to use any particular crude because it happens to be the only one available.

Crudes selected for Zerolene are brought to our refineries in special pipe lines. They are refined by our own patented, high-vacuum process which preserves their "oiliness" and stability.

No other refiner on the Pacific Coast uses any form of vacuum distillation. No other refiner in the United States uses as high a vacuum as this company.

Purity Essential

Zerolene oils are pure. This company has always considered the removal of all detrimental properties and compounds as essential in making Zerolene.

Because of their "oiliness," stability and purity, Zerolene oils give perfect lubrication, and permit the development of the maximum power, speed and gasoline mileage of the car.

HANDLING DRUGS

here is no hap-hazard proceeding. On the contrary we take infinite care to handle them so that it is impossible for mistakes to occur. And the drugs we use are as pure and fresh as we can get them. These two facts mean a drug service that is as it should be. It is the only sort of service you can afford to employ.

SERVICE STATIONS HELP WOMAN BREAK RECORD

Mrs. Kathleen Ayres is a great booster for gasoline service stations. Mrs. Ayres is the woman who recently broke the San Francisco-Portland record by piloting her four cylinder Buick coupe between these cities in 22 hours and 43 minutes. Her time cut down the best previous motor car record by 3 hours and 8 minutes and bested the Southern Pacific crack tran, The Shasta, by 5 hours and 47 minutes.

Mrs. Ayres, in describing her record beating run was particularly generous in her praise of the Standard Oil Company's service stations along the road. Stops were made at Corning nd Roseburg for Red Crown and Zerolene, and the prompt attention given by the service station attendants cut many minutes off the running time. And minutes are valuable little things, especially in establishing records.

The Buick's record is official in every respect as the coupe and its nervy little driver were checked out of San Francisco and in at Portland by members of the press in both cities, while the timing was done by officials of the Western Union Telegraph Co.

Mrs. Ayres is chairman of the reception committee of the California Federation of Business and Professional Women's Clubs for their convention to be held in San Francisco June 22, 23 and 24. She made the trip by way of showing that the women of today can keep pace with the men.

SOME POINTERS ON GOLF

Now that a golf and country club has been established here, all the gentlemen interested in the good old Scotch beverage—in the good old Scotch game, we mean—will undoubtedly appreciate a few pointers from an informed source. As an expert in golf, including all varieties from American gold up (or down, as you please) we are qualified to give this advice. Should any of the gentlemen care at any time to call on us for information, we shall treat them with consideration. Nothing else in stock just now.

For the uninitiated who may consider becoming interested in the grand old game, the following outline of the pastime is submitted:

THE GAME—Golf originated in Scotland, whence comes Scotch plaid, Scotch burr, Scotch kilties, Scotch whisky, heather and Harry Lauder. Also hop-scotch. It may be played by four persons, when it is called a foursome; by two, when it is known as a twosome; by one, called a lonesome. The game is played on a

LINKS—Which is a park, laid out in fantastic manner to test the sanity of the players, and consisting of nine, or eighteen holes, as desired. There is also the Ninteenth Hole, which is one of the reasons for Volstead. A golf and country club consisting only of the Nineteenth Hole is known as The Missing Link.

BUNKERS—Trenches on the field of battle. Placed to test the patience of the unprofane and the ability of the profane. Job, our synonym for patinece, never played golf. Our local gentlemen need have no trouble making bunkers; there is so much bunk in town.

HAZARDS—The most familiar of which is the water hazard, are puddles or ponds placed in the links for the purpose of giving caddies a chance to get wet. Recently the water hazard has been replaced by the moonshine hazard, which every member in good standing carries in his hip pocket.

TEES—The driving station. The game begins with teeing off and ends with getting teed up.

Among other familiar golf terms we find:

FORE—Klaxon of the golf links. Means "watch your step."

LIE—Position or location of the ball after a drive. There are good lies and bad lies but not all the lies are on the links. The best ones are in the locker room.

STYMIE—A sew-up; position on the putting green where one's ball is blocked from the cup or hold by another. Sufficient cause for profanity.

PUTT—Though this sounds like a bottle opening—putt!—it is nothing of that kind. It is a short drive into the cup on the putting green.

CADDIE—Clubs are made with steel heads and wooden heads; to complete the variety, the caddie, who carries the clubs, has a bone head. However, the best caddies are those who add four and three and make the answer five. This type of caddie is sought after by the ragged but ambitious golfer, who cannot bear to have all his strokes counted.—Ex.

OFFICIAL FIRED ON ACCOUNT OF CASE OF WINE

William Roney, son of Mayor Jas. Roney of Vallejo, was recently appointed deputy United States internal revenue collecter, with headquarters at Santa Rosa, to succeed Mark R. Chamberlin. Chamberlin, a member of the department since 1914, was ordered to resign on instructions from Commissioner D. H. Blair at Washington. His dismissal is the result o. the finding of a case of wine in his office at Santa Rosa, according to J. J. McLaughlin, head of the department for this district. Chamberlin insisted that he had purchased the wine and had been keeping it in his office before prohibition. This story did not hold up under probe.

Roney takes over the duties of office at once, with headquarters at Santa Rosa. He has had no previous connection with the revenue department.—Chronicle.

Mrs. Jack Picetti is contemplating a trip to Lake county.

WRITES FROM HER OLD HOME IN GERMANY

Mrs. Louise McElroy, who sailed for Germany recently, has arrived safely and writes of her old home where she is now visiting. In a letter to her friend, Mrs. Amelia Bates, she tells of her trip across the ocean and says that she only experienced one day of rough weather and did not miss one meal on the big liner.

At Hamburg she was met by her two sisters and after bidding goodby to the big steamer, St. Paul, they spent the night in the city of Hamburg, leaving the next morning at 7:30 for Salzgittere, Province of Hanover, where they arrived at 4:30 p. m. and were met by other relatives.

Mrs. McElroy found the home of her sister all decorated in her honor and in evergreens the words, "Welcome Home. 1884-1922." It had been just 38 years since she had been to the place of her girlhood, but many old schoolmates were there to greet her and from her window she looks upon the church and school she attended in her youth. She was writing to her Sonoma friend in the garden and says the weather is beautiful.

Everyone is working and every foot of ground in Germany is cultivated, says Mrs. McElroy, but the people seem depressed, as though weighed down with fear and trouble. The war effect on the people is evident and commodities are high, although for an American dollar Mrs. McElroy received 280 marks.

She sends her kindest regards to all Sonoma friends.

NANCY GRIFFITH AND BROTHER IN HOSPITALS

Miss Nancy Griffith, talented daughter of Mrs. Kate Griffith and Sonoma high school graduate, has been quite ill in a hospital at Napa where she is being treated for acute tonsilitis. Her throat is in such a condition that an operation cannot be performed at present and the young patient has suffered intensely. Nancy's many friends will hope for her speedy recovery and also that her sweet soprano voice will not be impaired by her tonsil trouble. She has been a music pupil of Madame Maerilla.

Steve Griffith of the Palace Garage is in a San Francisco hospital under treatment by specialists for eye trouble, the result of getting a piece of steel in his eye.

ABANDONED BABE TO BE ADOPTED

Mr. and Mrs. Chris C. Riewerts on Monday decided definitely to adopt the little baby girl who was left in their auto several days ago while the car was parked on Keller street and the necessary legal steps will be taken at once.

The babe will be left for some time at the Petaluma General Hospital, to be given proper care and it already has improved wonderfully and is thriving. It a sweet little babe and a beautiful one and it has fallen into the best of hands and will have a most excellent home and future. It will be made a ward of the Probation Court until the time has elapsed when it can be adopted.—Petaluma Argus.

BARBECUE AND DANCE AT O'GORMAN'S TONIGHT

Tim O'Gorman, genial proprietor of the former Bocca resort, will give a barbecue and dance tonight and an opening barbecue and picnic tomorrow. Tim will serve a regular old-fashioned bull's head breakfast.

A new dance floor has been added to the resort and Bailey's Orchestra of Santa Rosa will play. Professor Bailey was formerly band master at the State Home.

CARD OF THANKS

We desire to thank the many friends, including the fire departments of Sonoma and Boyes Springs for their splendid work and help during the recent fire which destroyed the Riverside Garage. To the fire fighters' heroic and effective work we owe the saving of our home adjacent to the garage and we are deeply grateful to both Chief Valente and Chief Cause and their co-workers.

Mr. and Mrs. H. J. Norrbom.

HAD NARROW ESCAPE IN AUTO ACCIDENT

Last Saturday night while returning from a party up the valley, Mrs. Jack Main met with a serious accident when her car struck the conceret bridge at Boyes Springs, went into the ditch and overturned. While trying to overtake a party of friends who had started for Verano just ahead of her, Mrs. Main met another car whose powerful lights and high speed confused her. Turning out to avoid this car she struck the bridge. The top of her car had to be cut in order to get Mrs. Main out of the wreckage. A party of Petalumans, W. E. McCarter, Charles Bond and Lester Jones were among those who went to the rescue of the injured woman.

Mrs. Main was at once taken to a doctor's office and her injuries though painful, were diagnosed as not serious.

BOY SCOUT SERVICE AT COTATI LAST SATURDAY

The Boy Scouts of Sonoma county most effectively and efficiently handled the tremendous crowd at the Cotati speedway during the school commencement exercises held there Saturday. Among some of the noteworthy things they accomplished was policing the grounds, regulating the automobile traffic, directing thousands to different parts of the grounds, and seating them in the grandstand, selling programs and refreshments, holding a police line keeping back the crowd from the arena and race track, restoring numerous lost children to their parents and assisting the Red Cross nurses with first aid work.

In one case of note that was given prompt attention by the Boy Scouts was the making of a coat stretcher with their coats and staves and carrying an elderly lady who had fainted through the crowd to the Red Cross tent for treatment. They had charge of the signing of the petition for the maintenance of a county nurse and the erection of a tuberculosis hospital to which they obtained hundreds of signatures.

Words of praise on the officiency of the Boy Scouts have been received from all sources, and Sonoma county can well be proud of her Boy Scouts. This was one of the biggest events of the kind ever held and these young men who have trained for such emergencies most efficiently met the need.

VISITOR HERE FROM CUBA

Fred Hawarth and wife of the Island of Cuba have been spending a part of their vacation time in and around Sooma Valley, where Hawarth formerly resided some 10 or 12 years ago. Mr. Hawarth was engaged in the cultivation of mushrooms at Buena Vista and was very successful.

Subsequently he went to the West Indies where he is now with a big oil concern of Cuba. He recently went home to England on a visit to his folks there.

While in Sonoma Mr. Hawarth has been warmly welcomed by many former friends and acquaintances to whom he had the pleasure of presenting his wife, a European lady of education and travel.

DR. AND MRS. OSBORNE HERE

Dr. and Mrs. A. E. Osborne of Santa Clara have been visiting at the Robert P Hill home near Eldridge. Dr. Osborne was formerly medical superintendent of the State Home. He is now conducting a private sanitarium and is an assemblyman from Santa Clara couty to the state legislature. Mrs. Osborne is a leading club woman, prominent in the Federation.

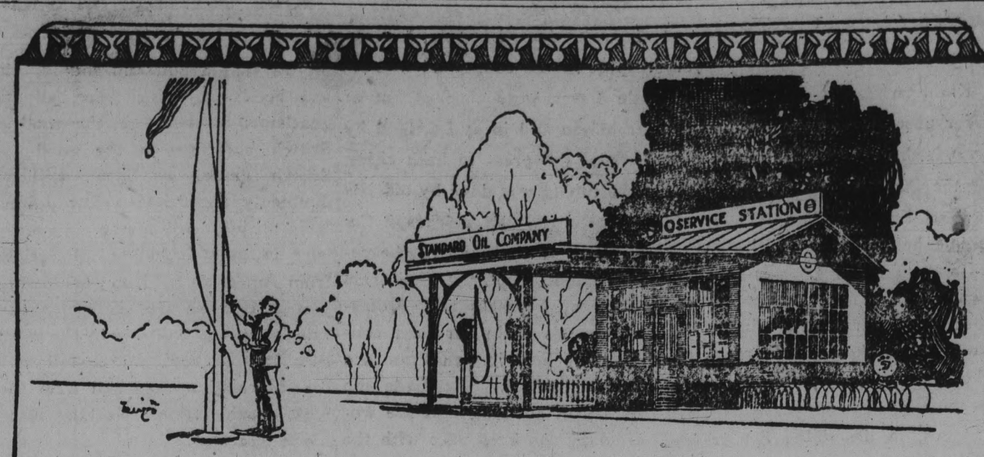
Dated at Petaluma, Cal., May 20, 1922.

Messrs. Fred S. Howell and Frederick W. Kant, attorneys for said Administrator.



Ready For Business June 14

The new Standard Oil Service Station at Napa Street, near First Street West, will be ready to serve you on Wednesday, June 14, 1922.

This new station brings to Sonoma a full metropolitan service with the well-known Standard Oil Products relied upon by a majority of motorists on the Pacific Coast.

Here you will get Red Crown gasoline, Zerolene oils, and other products, from well-trained salesmen who know your needs and how to fill them. Air for your tires, water for your radiator, information, and other friendly courtesies will be supplied promptly and gladly without cost to you.

You will find our new Service Station a good neighbor, actuated by the spirit of service, and expressing that spirit in terms of quality products, quiet efficiency and fair dealing.

Remember the date, Wednesday, June 14th. We shall be glad to welcome you.
